

## Training News for North America

Celebrating a new church plant with Church of God of Prophecy in Greeley Colorado. Pastors Jairo & Evelin had been working through the CPE training and after several conversations with the Mother church Pastor, they agreed to proceed with planting a daughter church. The new pastors have been at this mission for several years and have 33 new church members. More than half of the congregants are young people. God is blessing this church with more people in the congregation ready to continue the process to join.

**FALL UPCOMING DCPI TRAINING**
